

REDUCE LOSS CAUSED BY FIRE AND WATER BY AS MUCH AS 90%

PORTABLE AND POWERFUL

Easily stored in chief's trucks or on large fire apparatus, one FIT-5 is powerful enough to knock down fully involved fires.

KNOCKS DOWN FIRE

Knocks down fire quickly and effectively, reduces temperature, and makes an interior attack safer for fire crews.

NO SPECIAL CLEANUP

The aerosol powder from a FIT-5 dissipates completely, with no harmful effect on the environment or the structure and its contents.

Why are many insurance companies paying for FIT-5s?

Because one FIT-5 costs a lot less than a home destroyed by fire and water.
